

## Feedback Report for the Academic Year 2017-18

The main objective of the Feedback Committee was to create a unique and useful “online student feedback system” with exceptional quality and services that differentiates it from other system. The main advantage is that no one can manipulate the system as it is online process. The message is sent to the students on their cell phones and through e-mails about filling the feedback forms at the end of the semester. Two sets of the questionnaire is designed to measure candidate’s perception about academic coursework, seminar or fieldwork classes, teaching experience and overall college functioning. Also Feedback from Parents and Alumni is collected in the same way. Only the students, parents and alumina those who have login access can fill the forms. The regular students are considered to give feedback.

Users are broadly classified into 4 categories:

1. Admin
2. Student
3. Alumni
4. Parent
